

Adobe Reader X version 10.1.2

- Under “Comments & Forms”, choose “Document”.
- In the “Page Sizing & Handling” section, “Actual Size” and “Choose paper source by PDF page size” should be checked. “Print on both sides of paper” (if available) should not be checked.
- Click the [Advanced] button and verify that “Print As Image” is checked and “Print to File” is not checked. Change if needed and click [OK].
- Click [OK] to print your labels.
